RVL ADVANCED HAIR CARE SYSTEM

IT'S NOT A MIRACLE,
IT'S SCIENCE.

RVL

REVEAL

Advanced Hair Care System

The RVL Advanced Hair Care System is made with a fusion of botanicals and Jeunesse exclusive HPT-6 – a revolutionary polypeptide technology – to promote the look of fuller hair and revitalize the appearance of your hair and scalp.

The RVL Advanced Hair Care System has an invigorating citrus scent with a hint of clarifying eucalyptus for an alluring and uplifting experience for all hair types.

NATHAN NEWMAN, M.D.

A board-certified dermatologist and cosmetic surgeon in Beverly Hills, California. Dr. Newman constantly strives to develop superior methods in achieving natural-looking results. He is the developer of the RVL Advanced Hair Care System and its Jeunesse exclusive ingredient HPT-6.

Leaves hair looking soft
and shiny
Lightweight, leave-in
formula
Anti-static
Moisturizes both hair
and scalp
Results in less dry and
brittle looking hair
Contains Jeunesse
exclusive HPT-6

Key INGREDIENTS

The RVL Advanced Hair Care System is formulated with botanicals and Jeunesse exclusive HPT-6 – polypeptides that work to combine amino acids and glycoproteins for the perfect shine and flexibility – that are unmatched in the industry.

HPT-6 contains botanicals: black seed, Indian gooseberry, curry leaf, neem leaf, shikakai, tulsi and roselle.

BLACK SEED OIL

Black seed oil works efficiently toward maintaining a healthy looking scalp and helps seal in moisture to the hair shaft to tame frizz and flyaways.

CURRY LEAF

Curry leaf supports healthier looking hair.

FLAXSEED OIL

Flaxseed oil is a rich source of the omega-3 fatty acid alpha-linolenic acid.

INDIAN GOOSEBERRY

Indian gooseberry helps make hair softer, shinier and more voluminous.

NEEM LEAF

Neem leaf is a natural preservative in HPT-6.

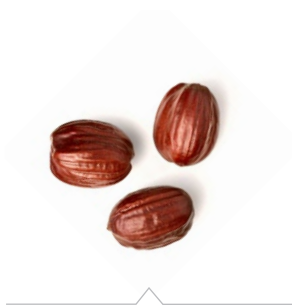

SHIKAKAI

Used for hundreds of years in India, shikakai is a natural botanical strengthener.

FENUGREEK

Fenugreek is an effective conditioner for smoothing and restoring shine for luxurious length and sumptuous strands.

JOJOBA OIL

Jojoba oil adds shine, softness, strength and hydration to all hair types.

ROSELLE

Roselle (hibiscus extract) is an omega-rich antioxidant with magnesium to help nourish hair and polypeptides to strengthen it.

TULSI

Tulsi (holy basil) promotes the appearance of longer, more full-bodied hair.

DIRECTIONS

1 RVL Ultra Refining Shampoo

Apply a generous amount of RVL Ultra Refining Shampoo into wet hair and massage onto scalp. Rinse well. Repeat, if desired. Use daily. Follow with RVL Scalp Infusion Treatment, if desired, and then RVL Multi-perfecting Leave-in Conditioner.

2 RVL Scalp Infusion Treatment

For best results, shake the treatment for 3 seconds before application. Remove the lid and white protective cap from the applicator.

Turn the plunger counterclockwise until it stops. After using RVL Ultra Restoring Shampoo, place applicator directly on damp or dry scalp and gently press to release serum. Press 2 to 3 “clicks” directly onto desired areas of the scalp. Massage serum into scalp until fully absorbed. Use day and night. To store, turn plunger clockwise until it stops. Follow with RVL Multi-perfecting Leave-in Conditioner.

When the device is empty, turn the plunger counterclockwise and carefully remove it from the tube. Remove the safety cap from the replacement plunger and insert the new plunger into the tube.

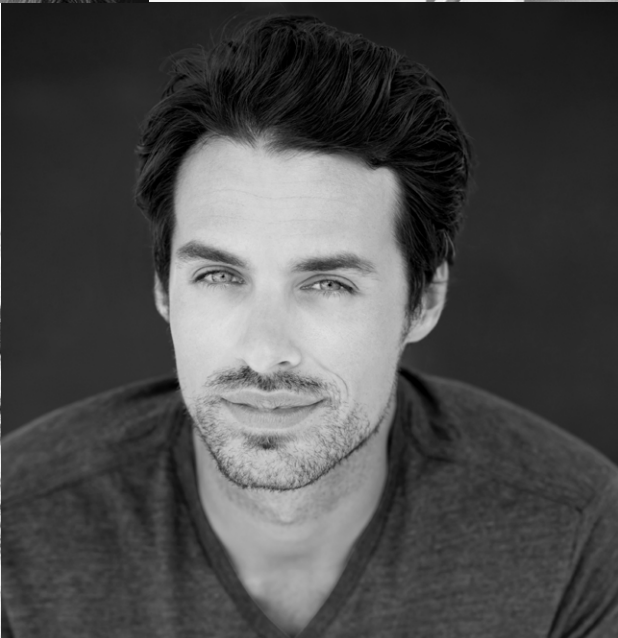

3 RVL Multi-perfecting Leave-in Conditioner

For best results, shake the conditioner for 3 seconds before application. After RVL Ultra Refining Shampoo (and, if using, RVL Scalp Infusion Treatment), spray RVL Multi-perfecting Leave-in Conditioner evenly throughout wet or dry hair. Use in morning and/or evening, after shampooing and before styling.

For all HAIR TYPES

We created the RVL Advanced
Hair Care System for all hair types -
including yours.
